Lyndon Security Services IAPA President's Award Winner

We are very proud to announce that Lyndon Security Services has been awarded for the third consecutive year, IAPA's highest honor the "President's Award".

This year's presentation took place at the Metro Toronto Convention Center where Lyndon along with two other firms were presented the 2009 "Presidents Award" for successfully maintaining their standings during the award's three-year term. Qualification standards are based on a vigorous audit of Health & Safety Management Systems, criteria outlined in the Declaration of Conformity and submission of current Injury Frequency Worksheets.

Critical to the well being of the Lyndon Security team and those we serve is a focus and commitment to safety in all we do. To do this well requires a partnership between Lyndon management, all those who work with us in the field and our clients. Each is equal, with a critical role to play. The positive performance and recognition received to date is a testimony to the effectiveness and the importance placed on safety by all stakeholders. To all safety partners a sincere thank you for your continuing commitment to safety. Additionally a special thanks to our safety team members for their safety leadership and commitment to all Lyndon team members.

The IAPA is one of Canada's foremost workplace health and safety organizations, representing more than 50,000 member firms and in excess of 1.5 million Ontario workers.
